<b>Description:</b>	The Department engages in this rulemaking to adopt rules prescribing formal guidelines for all solicitation activities sought to be conducted on Department property. Although similar solicitation guidelines are set forth in rules promulgated by the Arizona Department of Administration, ADOT buildings are not subject to the ADOA regulations. The Department's need for its own rules on this subject is therefore immediate, due to a sharp increase in the number of requests received from persons and organizations seeking permission to conduct solicitations at high-traffic Motor Vehicle Division Customer Service offices located throughout the state, as well as a corresponding increase in the number of complaints the Department has received about the intrusive nature of these solicitation activities.
